Sharon Dunn

Sharon Dunn is a former principal of a low-income elementary school. During her tenure as principal, her instructional expertise substantially improved reading outcomes, evidenced by improved ELA CAASPP results. Her leadership expertise and school data were highlighted in the DIBELS (Acadience) Newsletter nationwide and the 95 Percent Group Overview Guide. She was featured in Glean Education's- Educational Leadership podcast, Unpacking Progress: What it Takes to Raise School Literacy Rates, Reading Science Academy webinar with Dr. Stephanie Stollar and California Reading Coalition panel webinar. She presented her school's literacy improvement at the California Department of Education Title 1 Conference- Wild About ESSA, the Association of California School Administrators Mid-State Conference as well as the National ESEA Conference and The Reading League National Conference. The Reading League, National, features Sharon for The Reading League's Defining Guide: A Call to Action for Administrator's video. She is co-creator of the Facebook Social Learning Group: Science of Reading for Administrators – What Teachers Want You to Know! She is a founding board member of The Reading League California. Sharon supports schools/districts with instructional leadership for improved reading outcomes as a MTSS Leadership Consultant.
